Re: 2011 Community Development Block Grant (CDBG) Application – Family Health  
Services Facility

Dear Mayor Overacre:

The Economic Advisory Council (EAC) has elected to hold your application on stand-by status. It was held on stand-by due to the potentially limited CDBG funds that will be available over the 2011 project year. Your application could be recommended for CDBG funding at any of the three upcoming quarterly EAC meetings. Unless removed by EAC, the application will remain on stand-by until February 1, 2012.

If the city does not want to continue to remain for CDBG consideration, please let us know you would like to rescind the application.

If you have any questions, please contact Dennis Porter, Community Development Manager, at 334-2650, Ext. 2145.

Sincerely,

Donald A. Dietrich, Director  
Idaho Department of Commerce
