LARGE SCALE DEVELOPMENT SUBDIVISION:

Due to the impact that a large-scale development would have on public utilities and services, the developer shall submit the following information along with the preliminary plat:

1. Identification of all public services that would be provided to the development such as fire protection, police protection, central water, central sewer, road construction, parks and open space, recreation, maintenance, schools, and solid waste collection.
2. Estimate of the public services costs to provide adequate service to the development.
3. Estimate of the tax revenue that will be generated from the development.
4. Suggest public means of financing the services for the development if the cost for the public services would not be offset by tax revenue received from the development.
5. Storm drainage.
